

## EXPLORE WALMINGTON-ON-SEA WITH THE AID OF THIS TOWN PLAN & GUIDE

All points are listed below first in numerical order then alphabetically. The towns public houses are listed separately.

There is only one reference to 'Wilmington' found in the UK, and this is a road named 'Wilmington Fold' in Woodside Park, London N12, on an estate built in the early part of this century.

The possible location of the town on the south coast is also open to debate, but the small town of Littlestone-on-Sea, about 20 miles from Dover, with its proximity to Dymchurch must surely be where Jimmy Perry envisaged the home of Britains most loved Home Guard Platoon, the Wilmington-on-Sea's No1 Platoon 'B' Company.
